# AKTABGACHA VA AKTAB TA'LIMI

Pedagogika, psixologiya fanlariga ixtisoslashgan ilmiy jurnal

# MAKTABGACHA VA MAKTAB TA'LIMI

Elektron nashr. 472 sahifa,  
1-avgust, 2025-yil.

## **BOSH MUHARRIR:**

Karimova E'zoza Gapijranovna – O'zbekiston Respublikasi Maktabgacha va maktab ta'limi vaziri

## **BOSH MUHARRIR O'RINBOSARI:**

Ibragimova Gulsanam Ne'matovna – Pedagogika fanlari doktori, professor

## **TAHRIRIYAT KENGASHI A'ZOLARI**

Ibragimov X.I. – pedagogika fanlari doktori, akademik  
Shoumarov G'.B. – psixologiya fanlari doktori, akademik  
Qirg'izboyev A.K. – Tarix fanlari doktori, professor  
Jamoldinova O.R. – pedagogika fanlari doktori, professor  
Sharipov Sh.S. – pedagogika fanlari doktori, professor  
Shermuhhammadov B.Sh. – pedagogika fanlari doktori, professor  
Ma'murov B.B. – pedagogika fanlari doktori, professor  
Madraximova F.R. – pedagogika fanlari doktori, professor  
Kalonov M.B. – iqtisodiyot fanlari doktori, professor  
Nabiyev D.X. – iqtisodiyot fanlari doktori, professor  
Qo'ldoshev Q. M. – iqtisodiyot fanlari doktori, professor  
Ikramxanova F.I. – filologiya fanlari doktori, professor  
Ismagilova F.S. – psixologiya fanlari doktori, professor (Rossiya)  
Stoyuxina N.Yu. – psixologiya fanlari nomzodi, dotsent (Rossiya)  
Magauova A.S. – pedagogika fanlari doktori, professor (Qozog'iston)  
Rejep O'zyurek – psixologiya fanlari doktori, professor (Turkiya)  
Wookyu Cha – Koreya milliy ta'lim universiteti rektori (Koreya)  
Polonnikov A.A. – psixologiya fanlari nomzodi, dotsent (Belarus)  
Mizayeva F. O. – Pedagogika fanlari doktori, dotsent  
Baybayeva M.X. – pedagogika fanlari doktori, professor  
Muxsiyeva A.T. – pedagogika fanlari doktori, professor  
Aliyev B. – falsafa fanlari doktori, professor  
G'afurov D. O. – falsafa fanlari doktori (Phd)  
Shomurodov R.T. – iqtisodiyot fanlari nomzodi (PhD), dotsent  
Mirzayeva F.O. – pedagogika fanlari bo'yicha falsafa doktori (PhD), dotsent  
Jalilova S.X. – psixologiya fanlari nomzodi (PhD), dotsent  
Bafayev M.M. – psixologiya fanlari bo'yicha falsafa doktori (PhD), dotsent  
Usmonova D.I. – Samarqand iqtisodiyot va servis institute dotsenti  
Saifnazarov I. – falsafa fanlari doktori, professor  
Nematov Sh.E. – pedagogika fanlari nomzodi (PhD)  
Tillashayxova X.A. – psixologiya fanlari nomzodi (PhD), dotsent  
Yuldasheva F.I. – pedagogika fanlari bo'yicha falsafa doktori (PhD), dotsent  
Doniyorov S. M. – "Yangi O'zbekiston" va "Pravda Vostoka" gazetalarini tahririyati DM bosh muharriri, O'zbekiston Respublikasida xizmat ko'rsatgan jurnalist, filologiya fanlari nomzodi (PhD)  
Yuldasheva D.B. – filologiya fanlari bo'yicha falsafa (PhD) doktori, dotsent  
Tangriyev A. T. – Toshkent davlat iqtisodiyot universiteti kafedra professori  
Ashurov R. R. – psixologiya fanlari bo'yicha falsafa doktori (PhD)  
Panjiyev M. A. – Qashqadaryo viloyati Maktabgacha va maktab ta'limi boshqarmasi boshlig'ining birinchi o'rinbosari  
Xudayberganov N. A. – Xorazm Ma'mun akademiyasi Tabiiy fanlar bo'limining katta ilmiy xodimi, biologiya fanlari bo'yicha falsafa doktori (PhD)

**Muassis:** "Tadbirkor va ishbilarmon" MChJ

**Hamkorlarimiz:** O'zbekiston Respublikasi Maktabgacha va maktab ta'limi vazirligi, O'zbekiston milliy pedagogika universiteti

#### **EDITOR-IN-CHIEF:**

Karimova E'zoza Gapirzhanovna – Minister of Perschool and School Education of the Republic of Uzbekistan

#### **DEPUTY EDITOR-IN-CHIEF:**

Ibragimova Gulsanam Ne'matovna – Doctor of Pedagogical Sciences, Professor

#### **EDITORIAL BOARD MEMBERS:**

**Ibragimov X.I. – Doctor of Pedagogical Sciences, Academician**

**Shoumarov G. B. – Doctor of Psychological Sciences, Academician**

**Qirg'izboyev A. K. – Doctor of Historical Sciences, Professor**

**Jamoldinova O.R. – Doctor of Pedagogical Sciences, Professor**

**Sharipov Sh.S. – Doctor of Pedagogical Sciences, Professor**

**Shermuhhammadov B.Sh. – Doctor of Pedagogical Sciences, Professor**

**Ma'murov B.B. – Doctor of Pedagogical Sciences, Professor**

**Madraximova F.R. – Doctor of Pedagogical Sciences, Professor**

**Kalonov M.B. – Doctor of Economic Sciences, Professor**

**Nabiyev D.X. – Doctor of Economic Sciences, Professor**

**Koldoshev K. M. – Doctor of Economic Sciences, Professor**

**Ikramxanova F.I. – Doctor of Philological Sciences, Professor**

**Ismagilova F.S. – Doctor of Psychological Sciences, Professor (Russia)**

**Stoyuxina N.Yu. – Candidate of Psychological Sciences (PhD), Associate Professor (Russia)**

**Magauova A.S. – Doctor of Pedagogical Sciences, Professor (Kazakhstan)**

**Rejep O'zyurek – Doctor of Psychological Sciences, Professor (Turkey)**

**Wookyu Cha – President of the National University of Education, Korea (South Korea)**

**Polonnikov A.A. – Candidate of Psychological Sciences (PhD), Associate Professor (Belarus)**

**Mizayeva F. O. – Doctor of Pedagogical Sciences, Professor**

**Baybayeva M.X. – Doctor of Pedagogical Sciences, Professor**

**Muxsiyeva A.T. – Doctor of Pedagogical Sciences, Professor**

**Aliyev B. – Doctor of philosophy, professor**

**Gafurov D. O. – Doctor of Philosophy (PhD)**

**Shomurodov R.T. – Candidate of Economic Sciences (PhD), Associate Professor**

**Mirzayeva F.O. – Doctor of Philosophy in Pedagogical Sciences (PhD), Associate Professor**

**Jalilova S.X. – Candidate of Psychological Sciences (PhD), Associate Professor**

**Bafayev M.M. – Doctor of Philosophy in Psychological Sciences (PhD), Associate Professor**

**Usmonova D.I. – Associate Professor, Samarkand Institute of Economics and Service**

**Saifnazarov I. – Doctor of philosophy, professor**

**Nematov Sh.E. – Candidate of Pedagogical Sciences (PhD)**

**Tillashayeva X.A. – Candidate of Psychological Sciences (PhD), Associate Professor**

**Yuldasheva F.I. – Doctor of Philosophy in Pedagogical Sciences (PhD), Associate Professor**

**Doniyorov S. M. – Editor-in-Chief of the Editorial Board of the newspapers "Yangi Uzbekiston" and "Pravda Vostoka", Honored Journalist of the Republic of Uzbekistan, Candidate of Philological Sciences (PhD)**

**Yuldasheva D.B. – Doctor of Philosophy (PhD) in Philological Sciences, Associate Professor**

**Tangriyev A.T. – is a professor of Tashkent State University of Economics**

**Ashurov R. R. – doctor of philosophy (PhD) in psychology**

**Panjiyev M. A. – First Deputy Head of the Department of Preschool and School Education of the Kashkadarya Region**

**Khudaiberganov N. A. – Senior Researcher of the Department of Natural Sciences of the Khorezm Mamun Academy, Doctor of Philosophy (PhD) in Biological Sciences**

“Maktabgacha va maktab ta’limi” jurnali O‘zbekiston Respublikasi Oliy attestatsiya komissiyasining quyidagi qarorlariga asosan pedagogika va psixologiya fanlari bo‘yicha falsafa doktori (PhD) hamda fan doktori (DSc) ilmiy darajasiga talabgorlarning dissertatsiyalaridagi asosiy ilmiy natijalarni chop etish uchun milliy ilmiy nashrlar ro‘yxatiga kiritilgan:

Pedagogika fanlari bo‘yicha: OAK Kengashi tavsiyasi (26.08.2024-y., №11-05-4381/01) asosida:

- Ekspert kengashi (29.10.2024-y., №10)
- Rayosat qarori (31.10.2024-y., №363/5)

Psixologiya fanlari bo‘yicha: Toshkent davlat pedagogika universiteti murojaatiga asosan OAK tavsiyasi (24.04.2025-y., №11-05-2566/01):

- Ekspert kengashi (25.05.2025-y., №10)
- Rayosat qarori (08.05.2025-y., №370/5)

“Maktabgacha va maktab ta’limi”  
jurnali

26.09.2023-yildan

O‘zbekiston Respublikasi Prezidenti  
Administratsiyasi huzuridagi Axborot  
va ommaviy kommunikatsiyalar  
agentligi tomonidan **№C-5669363**  
reyestr raqami tartibi bo‘yicha  
ro‘yxatdan o‘tkazilgan.

# HOW TO TEACH VOCABULARY IN EFL CLASSROOMS

**Sarvinoz Mirzaliyeva**

English Language teacher at Presidential school in Andijan

**Abstract:** Teaching vocabulary plays a pivotal role in effective language instruction in Teaching English as a Foreign Language (TEFL). This article explores the importance of vocabulary acquisition, emphasizing its incremental nature and multifaceted aspects, such as receptive and productive knowledge. The difference between direct vocabulary teaching (explicit instruction) and incidental learning (acquiring knowledge unintentionally) is explored, weighing their effectiveness and applicability in TEFL contexts. Special attention is given to challenges faced by second-language learners, including limited exposure to authentic input and opportunities for output. Furthermore, the article examines the integration of technological tools and interactive games in vocabulary teaching, showcasing their potential to engage learners and reinforce word mastery through innovative and dynamic approaches. Practical teaching strategies are proposed to bridge learning gaps and enhance vocabulary acquisition.

**Key words:** vocabulary acquisition, receptive knowledge, productive knowledge, direct teaching, incidental teaching.

**Annotatsiya:** Lug'atni o'rgatish chet tillarini o'rgatishda (TEFL) samarali til ta'limini tashkil etishda muhim rol o'ynaydi. Ushbu maqola lug'atni o'zlashtirishning ahamiyatini o'rganadi, uning bosqichma-bosqich xarakterini va reseptiv hamda produktiv bilim kabi ko'p qirrali jihatlariga to'xtaladi. To'g'ridan-to'g'ri lug'at o'rgatish (aniq ta'lim) va tasodifiy o'rganish (bilimni tasodifan o'zlashtirish) o'rtasidagi farq o'rganilib, ularning TEFL kontekstlaridagi samaradorligi va qo'llanilishiga tahlil olib boriladi. Til o'rganuvchilar duch kelishi mumkin bo'lgan muammolar, jumladan, cheklangan materiallar va til ko'nikmalarini hosil qilishdagi qiyinchiliklarga alohida to'xtalgan. Bundan tashqari, maqola lug'at o'rgatishda texnologik vositalar va interaktiv metodlarning samaradorligini ta'kidlaydi, ularning o'quvchilarni jalb qilish va so'zlarni egallashni mustahkamlashdagi salohiyatini namoyish etadi. O'rganishdagi bo'shliqlarni to'ldirish va lug'atni o'zlashtirishni kuchaytirish uchun amaliy ta'lim strategiyalari taklif etiladi.

**Kalit so'zlar:** lug'at o'rganish, reseptiv bilim, produktiv bilim, to'g'ridan-to'g'ri o'rgatish, tasodifiy o'rganish.

**Аннотация:** Преподавание словарного запаса играет ключевую роль в эффективном обучении языкам в рамках программы Teaching English as a Foreign Language (TEFL). Эта статья исследует важность приобретения словарного запаса, подчеркивая его поэтапный характер и многоаспектные стороны, такие как рецептивные и продуктивные знания. Рассматривается разница между прямым обучением словарному запасу (явным обучением) и случайным обучением (приобретением знаний непреднамеренно), оценивается их эффективность и применимость в контексте TEFL. Особое внимание уделяется проблемам, с которыми сталкиваются изучающие второй язык, включая ограниченный доступ к аутентичным материалам и возможности для практики. Более того, статья рассматривает интеграцию технологических инструментов и интерактивных игр в преподавание словарного запаса, демонстрируя их потенциал для вовлечения учащихся и укрепления освоения слов через инновационные и динамичные подходы. Предлагаются практические стратегии обучения для преодоления пробелов в обучении и улучшения усвоения словарного запаса.

**Ключевые слова:** приобретение словарного запаса, рецептивное знание, продуктивное знание, прямое обучение, случайное обучение.

## INTRODUCTION

Vocabulary acquisition is the backbone of successful language learning, particularly in Teaching English as a Foreign Language (TEFL) contexts. Unlike grammar or pronunciation, vocabulary directly impacts learners' ability to understand and produce language. Vocabulary acquisition in a foreign language is not an immediate process; rather, it is gradual and requires consistent effort, time, and repetition. Drawing on Nation's framework of word knowledge—including meaning, form, grammar, collocations, register, associations, and frequency—the article highlights the complexities involved in mastering vocabulary. Many language learners struggle to use

newly learned words in productive skills despite understanding their meaning when the words appear in texts. This discrepancy arises due to different levels of word knowledge.

Knowing a word involves much more than simply understanding its basic meaning. This knowledge includes several important aspects such as word frequency, register, collocation, form and derivative forms, semantic value, and word association. When a language learner recognizes a word while reading or listening but cannot actively use it, it is referred to as receptive vocabulary. In contrast, productive vocabulary refers to words a person can use when speaking or writing. Both types are equally important; however, to communicate effectively and fluently in a foreign language, learners must grow their productive vocabulary.

Effective vocabulary instruction is essential to meet this need, as learners often have limited exposure to authentic input outside the classroom. Nation <sup>[1, pp. 18-19]</sup> emphasizes that without sufficient knowledge of high-frequency vocabulary, language learners struggle to communicate effectively in oral or written forms. This article explores various teaching strategies that can enhance vocabulary acquisition and addresses the challenges faced by EFL learners. Ultimately, this article argues that while direct vocabulary instruction requires careful application, it remains a vital tool for equipping learners with the linguistic resources needed for successful communication in English.

## LITERATURE REVIEW

Teaching vocabulary in EFL contexts has gained significant traction over the years, with scholars emphasizing various approaches to enhance acquisition. Nation <sup>[1, p.29]</sup> explains that knowing a word is a complex process; therefore, he categorizes word knowledge into dimensions such as meaning, form, grammar, collocations, register, associations, and frequency. High-frequency words are essential to build linguistic foundations as they appear more frequently in texts and are less formal compared to mid- or low-frequency words. Most high-frequency words include function words and content words. Nation <sup>[1, pp.18-19]</sup> suggests that both types of words need to be learned as they carry grammatical and lexical information. His research indicates that high-frequency words should be given specific attention in language courses and that they can be learned through direct methods, incidental learning, and focused teaching.

Function words in English include auxiliary verbs, prepositions, determiners, conjunctions, pronouns, and adverb particles. Content words encompass nouns, verbs, adjectives, and adverbs that convey specific meanings (e.g., teacher, intelligent, create). A second or foreign language acquisition is quite complex since there is a large stock of word groups and phrases. According to Boers & Lindstromberg <sup>[2, pp.1-2]</sup>, knowing a long list of words and mastering grammar rules do not necessarily make a person a proficient language user unless they can combine words as a native speaker does. Their findings show that mastering semi-fixed lexical phrases or “word chunks” enhances fluency and naturalness in communication. For example, non-native speakers may mistakenly say “do an effort” instead of “make an effort”, highlighting the importance of teaching collocations. Therefore, it is essential that language learners acquire diverse types of word chunks such as collocations (put pressure), social routine formulae (have a nice day), discourse markers (on the other hand), etc. These expressions cannot be learned incidentally because it is often difficult to infer their meanings from context; they should be learned deliberately.

Vocabulary learning is not instantaneous; new words are mastered over time through repetition and exposure in various contexts. Thornbury <sup>[3, pp.24-25]</sup> discusses several key strategies for effective vocabulary learning and retention, emphasizing the importance of repetition. His research indicates that repetition, retrieval practice, and spaced learning are some of the most effective methods for memorizing words. However, repetition should not be limited to rote learning; instead, it should involve meaningful engagement with the words.

Research suggests that learners are more likely to remember a word if they encounter it at least seven times spaced out over time. Schmitt <sup>[4, pp.120-121]</sup> discusses the dual role of direct instruction and incidental learning in vocabulary acquisition. While direct instruction provides structured opportunities for learning high-frequency words, incidental learning through reading, listening, and interaction offers contextualized exposure to vocabulary. His article highlights the strengths and limitations of these two approaches. Explicit learning involves directly focusing on vocabulary items with the intention of learning them. It is highly effective because it ensures focused attention on the target words, maximizing retention chances. However, explicit learning can be time-consuming and labor-intensive. For most learners, it would be impractical to rely solely on this method to acquire a sufficiently large vocabulary. Conversely, incidental learning occurs naturally while using the language for communication, such as reading or conversing. It serves a dual purpose—learning vocabulary while engaging in communicative activities—yet it is slower and less targeted than explicit learning. Learners may need to engage with substantial content over an extended period to encounter specific words, especially less common ones.

Godwin-Jones <sup>[6, 22(2), pp.7-8]</sup> highlights how learners increasingly rely on digital tools such as social media, online communities, videos, and music to acquire language, including vocabulary. This shift reflects the multi-modal and multilingual nature of online communication, where learners encounter words in dynamic contexts

that combine text, images, audio, and video. The author suggests several Spaced Repetition Software (SRS) programs to help language learners memorize words with minimum effort. One of them is Anki, which is a flashcard application that uses spaced repetition to help users learn and memorize information more effectively. Interactive games and gamification strategies foster engagement and motivation while reinforcing vocabulary retention. By integrating technology into vocabulary instruction, educators can create immersive learning experiences that resonate with today's learners. DeHaan <sup>[7, 14(2), p.76]</sup> explains the relationship between interactivity and cognitive load in media environments.

## ANALYSIS AND RESULTS

Implementing structured vocabulary teaching strategies has shown promising results in various studies. It was found that learners exposed to deliberate vocabulary instruction, coupled with meaningful tasks, demonstrated higher retention rates. Laufer & Hulstijn <sup>[5, 22(1), 1–2]</sup> suggest another effective method to memorize a new list of words. In their article, elaboration on word features is emphasized. Psychologists advocate that creating associations between new and existing knowledge improves memory. Since vocabulary acquisition is gradual and, for many students, the most boring part of language learning, it is highly effective to apply various interactive tasks and activities. Wordwall is an interactive tool that helps language learners acquire vocabulary effectively through engaging and customizable activities. Wordwall enables repeated exposure to vocabulary through games like flashcards, quizzes, and word searches. These activities promote retrieval practice, which strengthens learners' ability to recall words over time. Teachers can tailor Wordwall activities to target specific vocabulary sets, such as high-frequency words, collocations, or thematic vocabulary (e.g., food, travel). This customization ensures learners focus on relevant and useful vocabulary.

Another useful platform that teachers can use to design vocabulary activities is FLIPITY.NET. It offers engaging and fun activities for language learners to revise, retain, and practice new vocabulary. BAAMBOOZLE and JEOPARDY are gamified tools that can be played with students while teaching vocabulary in the classroom. They can be played in teams, encouraging collaboration and communication among students.

Teaching Strategies for Vocabulary Acquisition. To effectively teach vocabulary in EFL classrooms, educators can implement several practical strategies:

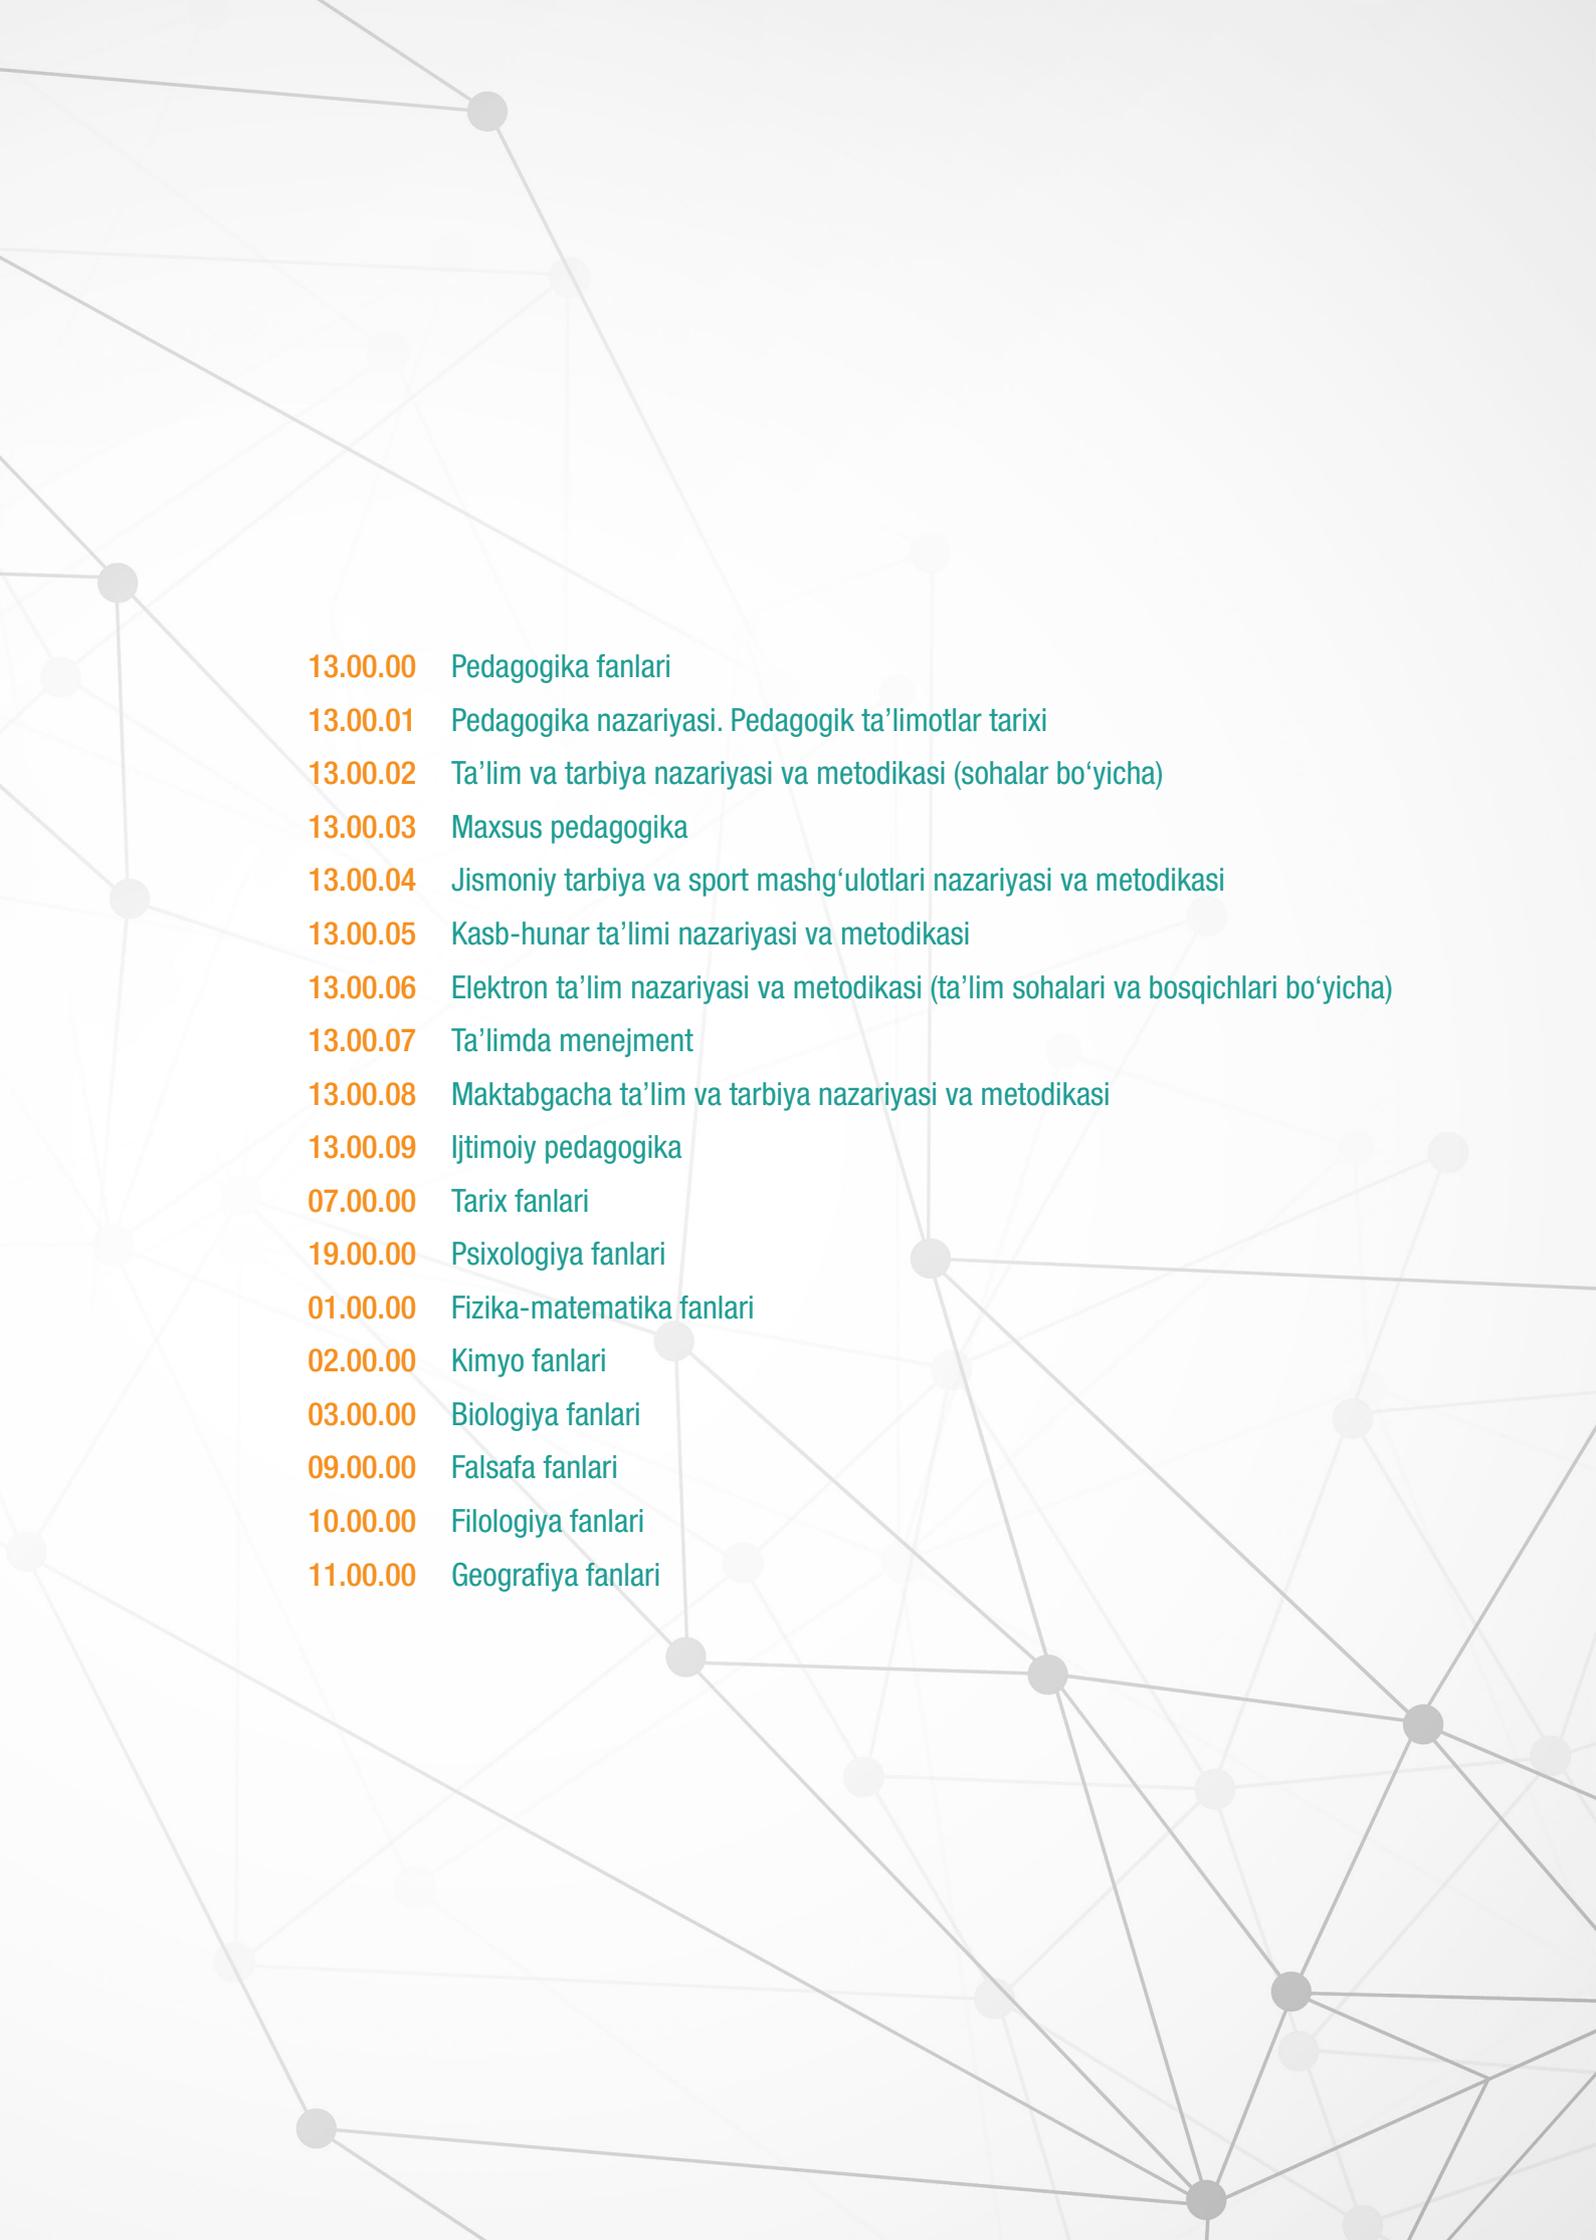

- Direct Instruction: Begin with explicit teaching of high-frequency vocabulary using clear definitions and examples. Employ visual aids such as flashcards or multimedia presentations to enhance understanding.
- Contextual Learning: Provide opportunities for students to encounter new words within meaningful contexts. Use authentic texts—such as articles, stories, or dialogues—to illustrate how words function in real-life situations.
- Repetition and Spacing: Incorporate spaced repetition techniques where learners revisit vocabulary at intervals over time. This method helps reinforce memory retention beyond initial exposure.
- Word Mapping: Encourage students to create word maps or semantic networks that connect new vocabulary with existing knowledge.

## CONCLUSION

Teaching vocabulary in EFL classrooms requires a balanced approach that integrates both direct instruction and incidental learning methods. While direct instruction ensures focused attention on critical vocabulary items, incidental learning provides contextualized exposure that enhances retention over time. Incorporating technological tools and interactive games into language instruction further engages learners while reinforcing their mastery of new words. By addressing challenges such as limited exposure to authentic input and focusing on productive vocabulary development, educators can equip learners with the linguistic resources needed for successful communication in English. Along with teaching strategies, instructors should also be aware of what to teach, focusing on high-frequency words, semi-fixed phrases, and word chunks. Revising, retaining, and practicing vocabulary over time are key points in successful vocabulary acquisition.
